2136 Manning Road, Tecumseh, Ontario N8N 2L9, Canada C/O Jocelyn Gilbert

For 2022 PPKC/PPK will offer a dedicated practice night for all racers. This will take place on the Thursday evening prior to each scheduled PPKC Race Day. The Track will be made available to racers exclusively, with Rental Karts being run at a minimum. This Practice Night provides racers the opportunity to test their machines and tune them up for the upcoming Race Day, as well as compare themselves to their competition prior to race day. Most importantly though, it provides a great break to the week, enabling all members a chance to hang-out at the track and spend time with members without the RUSH usually associated with a normal Race Day.
